

### Transformer 2,000 kVA

**High-voltage:** 10 or 20 kV

**Low-voltage:** 400 V

**Power:** 2,000 kVA

**Details:** Switchgear tested as per IEC 62271-202:2006 and DIN EN 62271-202 (VDE 0671-202):2007-08  
 supply: three panel medium voltage-switchgear, using SF6  
 2 x supply panel with switch disconnecter 630 A, earthing switch  
 1 x transformer output panel with switch disconnecter 250 A, UMZ-protection and earthing switch  
 1 x three phase cast resin- or oil-transformer 2,000 kVA  
 Outputs: 1 x low voltage switch disconnecter 3,200 A (motorized actuator possible)

**Size:**  
 Length: 3,000 mm  
 Width: 2,450 mm  
 Height: 2,600 mm  
 Weight: 7 t
